### Weather Forecast.

For North Carolina—Partly cloudy and cooler Thursday, showers in east portions; Friday fair, fresh to brisk northwest winds.

Whom the gods would destroy they first make mad enough to run two daily Republican newspapers in a town where there are already too good white folks' papers.

It is reported that King Peter, of Servia, wants to sell his throne is he can get a good price for it. Maybe Pete will be feeling better when the Queen gets off on her Summer trip.

Says the Nashville American: "Roosevelt should quit stealing Democratic ammunition." Sh! let him steal enough of it to down the Republican party like it has the Democratic party.

Vice President Fairbanks made a good speech at the opening of the Lewis and Clark exposition at Portland, Ore. We believe Mr. Fairbank is going to cut more ice as a Presidential candidate than most people believe.

Says an exchange: "A Kansas man drilling for oil has gone down 1,350 feet." Gee, if Spencer Blackburn could get Marion Butler in a hole like that he would plug up the opening and have his own way with the Republican outfit in North Carolina.

The National Master Plumbers Association is in session in Atlanta. If it were to freeze and the water pipes all over town were to burst while they are there, it would comport with Atlanta's idea of making them think they are in the only town in the South.

What the stand pat Republican papers are not saying about President Roosevelt's discovery that too much protection prices make American material so high that it can't be used on the Panama canal, is quite interesting. Uncle Sam, however, is making quite a spectacle of himself in dodging protection prices himself and leaving the people the bag to hold.

The Charleston News and Courier, which is over a hundred years old and is one of the few typically Southern newspapers, is now printed on a new Hoe perfecting press which turns out 24,000 ten to twelve page paper an hour. The News and Courier has always kept abreast of the times and that is the reason it has perpetuated itself in the field of journalism.

—In connection with the proceedings of the Board of Audit and Finance Tuesday night, it should have been stated that there is no controversy between Mr. King and Mr. Fowler relative to the terms of the office of City Clerk and Treasurer. Mr. King was granted 15 days' salary from May 1st, for the purpose, as stated by the Board, that he might acquaint his successor with the affairs of the office.

### Noble Act by Noble Boys.

The Boys' Brigade will probably not go in camp this year—a pleasure which the boys have foregone to do a noble act. Since their organization, although interdenominational, they have occupied free of charge an armory in Immanuel Presbyterian church building. In a short while they will move into their handsome new armory on Second street and last Monday night, when their regular monthly meeting was held, the matter of their soon leaving the church building was suggested. At once a motion was put and unanimously carried to forego the pleasure of an encampment this year and devote the fund for that purpose to repainting the church in recognition of their occupancy of an armory in the building the past several years. The sacrifice of the boys is commendable and shows the "stuph" of which they are made. All honor to the Boys' Brigade!

Semi-official returns from the ten precincts in the county indicate that the proposition to issue an additional $50,000 of bonds for continuing the permanent improvement of the public roads of New Hanover was carried in yesterday's election by a majority of 511 of the votes cast and a majority of 205 of the total registered vote of 740. Only 24 ballots were cast against the proposition in the entire county. The polls were open from sunrise to sunset and at no time was the issue in doubt. Official returns will be made to the County Commissioners to-day. The result in the several wards and precincts was ar follows:

First Ward—Registered vote 79. For roads, 59; against 6. Total cast, 65.

Second Ward—Registered, 95. For roads, 70; against, 2. Total cast, 72.

Third Ward—Registered, 165. For roads, 108; against, 5. Total cast, 113.

Fourth Ward—Registered, 111. For roads, 87; against, 5. Total cast, 92.

Fifth Ward—Registered, 151. For roads, 94; against, 6. Total cast, 100.

Cape Fear Township—Registered, 27. For roads, 16; none against. Total, 16.

Harnett Township—Delgado precinct: Registered, 8. For roads, 6; none against. Ttoal, 6.

Harnett Township — Seven Mile Post: Registered, 28. For roads, 18; none against. Total 18.

Masonboro Township — Registered, 69. For roads, 62; none against. Total, 62.

Federal Point Township—Registered, 17. For roads, 15; none against. Total, 15.

The bonds to be issued are to bear not exceeding five per cent. interest, payable semi-annually, and are to run for a period not exceeding 25 years. The act authorizing the election, which is now carried, authorizes a special road tax of not exceeding 10 cents on the $100 valuation of property and not exceeding 30 cents on the poll. The Commissioners state, however, that an additional levy will not be necessary as the present levy is amply sufficient to take care of the additional bonds, paying the interest thereon and providing a sinking fund to liquidate the bonds upon their maturity.

It is understood that there is now a sufficiency of money on hand to complete the Scott's Hill road and that the first improvement under taken as soon as the new bonds are floated will be the improvement of the Federal Point road extending from the southern section of the city into Masonboro and Federal Point townships.

## SIX HAVE BEEN CAUGHT

New Hanover Jail Breakers and Efforts Being Made for Their Capture—Reward Offered.

Six of the twelve prisoners who escaped from jail before day Monday morning are now safely back in the cell from which they fled over the prostrated form of the jailer, and an earnest search for the remainder of them is being made. Those returned yesterday were John Bishop, captured the day before at Clarkton, and George Boney and Thos. T. Ellington, captured the same day by Chief of Police H. A. Jarman, of Jacksonville, Sheriff W. C. Mills and a posse from Onslow county who went out in response to a telegram from Deputy Sheriff Wm. Sheehan stating that the negroes had been seen by him from the train on his return to the city with Sam Long. Ellington, who is wanted for trial before Justice Furlong on a charge of false pretense, confessed, upon the statement of Geo. Boney to the same effect, that it was he who knocked Jailer Capps down instead of Sam Long. Boney is wanted with Long for breaking into Mr. Montgomery's store on Princess street, having been bound over by the Mayor for trial at the next term of Superior Court. Ellington and Boney were brought from Jacksonville by Deputy Sheehan yesterday.

Bishop was brought from Clarkton by Constable Savage, who went up after him Tuesday night. Bishop said he fled with Ellington and crossed the river in a boat, going to Brinkley station across country. Bishop approached Capt. Bowen, of the Seaboard Air Line passenger train at Cronly Tuesday and asked to work his way on the train to Hamlet. Capt. Bowen noticed that Bishop's face was bleached as if by confinement and suspecting that he was one of the New Hanover escapes told him to get on the train. At Clarkton when Bishop was unloading baggage from the car, Capt. Bowen pointed him out to Mr. W. T. Phifer and had him arrested. Bishop said he had been to Norfolk to see a sick mother and was making his way back to Florence, not once confessing his identity until Constable Savage opened the door where the negro was confined.

Elsewhere in to-day's paper will be found an official advertisement from Sheriff Stedman, offering a liberal reward for the capture of the remaining six prisoners. Sheriff Stedman, Special Deputy Sheriff W. S. Bernard and Justice G. W. Bornemann remained in Brunswick all day yesterday searching for Louis Brooks and others who were reported to be armed with Winchesters and hiding around the fish factories at Old Brunswick.

Last night a tramp negro was arrested at Leland, Brunswick county, on suspicion of being one of the escapes and a telephone message was sent to Officer Deputy Sheriff Jas. H. Taylor, Jr., who replied, asking that the negro be brought to Wilmington. He arrived on the late train from Leland last night, but was not identified as one of the negroes wanted.

### AN IMPRESSIVE FUNERAL.

Remains of Late J. W. Jackson, Jr., Laid to Rest Yesterday.

All that was mortal of the late James William Jackson, Jr., whose sad death has been chronicled, was laid to rest in beautiful Oakdale cemetery yesterday afternoon after impressive funeral services in the First Presbyterian church at 4 o'clock. The services were conducted, in the absence of the pastor, by the Rev. Alex. D. McClure, D. D., pastor of Saint Andrew's Presbyterian church, assisted by the Rev. R. W. Hogue, rector of Saint James' parish and chaplain of the Wilmington Light Infantry, of which Mr. Jackson was a valued member and officer. There were in attendance upon the obsequies the company in uniform commanded by Capt. Wm. F. Robertson; members of the O. A. N. Society; many former fellow employes from the Atlantic Coast Line general offices and a large number of personal friends from all walks of life. The floral offerings were numerous and very handsome.

The services at the grave were with military honors and were very impressive. A beautiful feature was the singing by a special male quartette composed of Messrs. James Owen Reilly, Charles McMillen, James H. Chadbourn and H. K. Holden.

The pall-bearers were: Honorary, Messrs. F. H. Fechtig, James Sinclair, B. J. Jacobs and James H. Chadbourn; active, Messrs. H. M. Crosswell, D. B. Sinclair, Louis E. Hall, George Davis, Thos. R. Orrell, Chas McMillen, Jr., and George P. James.

"Gathering Them in One by One" and "Nearer My God to Thee" were the selections by the quartette at the cemetery. The W. L. I. fired a parting salute over the grave of their departed comrade and Bugler WillieWatters blew taps. The music at the church was by Miss Sarah Kenan, Miss Mattie Lee Horne, Mr. Chas. McMillen and Mr. H. K. Holden.

### Pitiable Case Indeed.

It is reported that the heart-broken old mother of Will Guthrie, one of the young white men charged with highway robbery on the East Wilmington road Saturday night, attempted to end her unhappy life by drowning herself in the river at foot of Queen street Monday afternoon. Some of her friends learned of Mrs. Guthrie's purpose in time to reach her before she carried her intention into execution. Mr. Jim Daniels caught the woman on her way to the river, and restrained her by force. The case is a pitiable one indeed. Mrs. Guthrie is a widow and lives at 213 Queen street.

## IN PINK AND GREEN

### Beautiful Wedding Service in St. James' Episcopal Church Yesterday Evening

### MANY FRIENDS ATTENDED

Miss Katharine Lamar Maffitt, Charming Wilmington Young Lady, the Bride of Mr. Harry Woollcott.

Beautifully decorated with palms, ferns and white carnations, and thronged with an assemblage of admiring friends and reatives, historic Saint James' church, the scene of many beautiful and fashionable weddings, was never prettier than on yesterday afternoon at half after five o'clock when Mr. Harry Woollcott led to the altar Miss Katharine Lamar Maffitt, and they were united in marriage according to the beautiful rites of the Episcopal Church, in a solemn and impressive service spoken by the Rev. R. W. Hogue, rector of the parish. From handsomely burnished candelabra a soft light was shed over the altar and the marriage scene was beautiful indeed, the plighted vows joining in heart and hand two of the most popular young members of Wilmington society.

For some time before the hour for the ceremony, the guests began to assemble in expectancy until the strains of a favorite wedding march, skilfully rendered by Mr. James Charles Craft, Saint James' organist, proclaimed the advent of the wedding party. First came the two pretty little flower children, Miss Sue Northrop, gowned in white lace over green, and Master Walker Taylor, Jr., clad in a suit of white duck. Then followed, Messrs. J. McRee Hatch and Ed. Taylor, groomsmen, followed by the bridesmaid, Miss Carrie Wright, alone. Next Messrs. Marsden Bellamy, Jr., Raymond Hunt and C. VanLeuven, groomsmen. Then the maid of honor, Miss Mat Griffin, of Salisbury, N. C., immediately preceding the bride, leaning upon the arm of her uncle, Col. Eugene S. Martin, who gave her away at the altar as the service progressed. The bridal party was joined at the foot of the chancel by the groom, who entered with his best man, Mr. W. G. W. Krafft, from the vestry room to the right. Then proceeding to the altar the beautiful ceremony was pronounced and the gladsome strains of Mendelssohn's ushered the party from the church.

It was a pink and green wedding and every feature of the arrangements was carried out with the utmost precision and in excellent taste.

The bride was gowned in white crepe de chine over taffeta, trimmed with real lace. She carried an exquisite bouquet of bride's roses and Lillies of the Valley.

The maid of honor and bridesmaid were becomingly costumed in green crepe de chine and carried bouquets of LaFrance roses tied with green ribbon.

The male attendants wore black suits with boutonnieres of pink and white carnations alternating.

Following the ceremony, the bridal party was entertained at the home of the bride's mother, No. 510 Dock street. After receiving hasty congratulations there, Mr. and Mrs. Woollcott were accompanied to the Front Street station of the Atlantic Coast Line, whence they departed on the northbound train for a bridal tour, which will include a week's stay in New York and some time at the former home of the groom in Newark, N. J. They will return in about two weeks and be at home to friends at No. 510 Dock street, this city.

The bride is one of Wilmington's most charming young women, a daughter of Mrs. Eugene Anderson Maffitt, and a member of one of the Cape Fear's most distinguished families. The groom came to Wilmington about five years ago, and has since held the responsible position of secretary and treasurer of the Consolidated Railways, Light and Power Company. He is a young man of pleasing address, fine business ability, and has made a host of friends in this city during his residence here.

Mr. and Mrs. Woollcott have the sincere, good wishes of a host of friends for their continued happiness and well being.

### Mid-Week Dances.

The first of a series of mid-week dances at the pavilion on Carolina Beach during the coming season was given last night and it proved a source of delightful pleasure to the large number of young people who attended. An excellent orchestra has been signed and the dances promise to be even more successful than last Summer. The dance last night was led by Mr. R. E. Bizzell and the number of those dancing and the spectators were between 300 and 400. The orchestra this season is composed of J. Monroe Culbreth, Robert H. Morris, T. K. Curtis, Harry Brandon, Charlie Sellers, Philip Eshenback with Miss Mildred Hunt, organist.

WILMINGTON, N. C.

Thursday Morning, June 8.

## FAVORS RECIPROCITY.

The Republican party by its extreme adherence to the stand pat policy of an unreasonably high protective tariff, has embarrassed the administration with a deficit of some $36,000,000 or $37,000,000, which the past sixty days have failed to reduce as was expected. Their close fisted tariff shuts out foreign trade and has necessarily reduced the income of the government. The country at large has also felt it from the fact that our foreign exports have been lessened by the retaliatory measures which foreign countries have adopted in discriminating against our commodities because we practically tax theirs away from our shores.

There is a feeling in this country that the Republican party has made a mistake in lessing our opportunity for foreign trade on a mutual basis. The need of more liberal trade relations with other countries is felt, the necessity for wider markets for our products is recognized, and the Republican party is being made aware of it. The manufacturers' associations at their meetings recently have made known their demands for a policy which will extend our markets, and now comes the New York Chamber of Commerce to suggest that if the tariff duties will not be lowered, reciprocity may help out.

At its monthly meeting on Thursday the New York Chamber of Commerce unanimously adopted resolutions in favor of commercial treaties of reciprocity with several Continental countries, notably Germany. The resolutions were introduced by G. H. Schwab, chairman of the Committee on Foreign Commerce and the Revenue Laws, and speeches in advocacy of their adoption were made by Chas. Stewart Smith, Francis B. Thurber, Waldo Smith, Isador Straus and others.

The preamble recites that the customs tariff adopted by the German Empire and the commercial treaties concluded by that Empire with important European countries, will seriously affect our growing export trade to Germany. Our exports of merchandise to Germany have more than doubled in the last ten years, and reached the sum of $215,000,000 in the year 1904, exceeding in value the exports of any other nation into Germany, and proving that country to be our best customer after the United Kingdom.

The resolutions adopted were as follows:

"Resolved, That the Chamber of Commerce of the State of New York heartily favor the conclusion of a commercial treaty of reciprocity between the German Empire and the Government of the United States by which the trade relations between both countries may be adjusted upon a mutually advantageous basis; and be it further

"Resolved, That the Committee on Foreign Commerce and the Revenue Laws be instructed to use all proper means and to exercise every honorable effort to secure the conclusion and ratification of such a treaty of reciprocity between the two countries."

Mr. Schwab also submitted the following resolution, which was adopted by the Chamber:

"Whereas, Our export trade to France, Russia, Switzerland and Austria-Hungary, is threatened with material reduction, if not practical extinction, by the adoption of new maximum tariff rates of duty, either now in force or shortly to be adopted by these countries; be it

"Resolved, That the Chamber of Commerce of the State of New York advocate the early conclusion of commercial treaties of reciprocity with the countries above mentioned."

## CONFEDERATE VETERANS ASK NOTHING.

King Edward and President Roosevelt do not make it a custom of sending messages to Confederate reunions. Of course the King would naturally feel a delicacy in sending such a message, as also would Roosevelt in sending a message to an Irish patriot congress in Great Britain, but President Roosevelt could have done just as he liked about send a message to the reunion. Those sort of messages ought to come spontaneously anyhow, and nobody ought have taken the liberty to have besought messages from anybody. The fame of the Confederate soldier is too great for anybody to put him in the attitude of fawning before crown heads, potentates, big potatoes or little potatoes. The remnant of Confederate soldiery is bigger than the whole bunch.

We quite agree with the New Orleans Picayune in saying this:

"Some well-intentioned but imprudent person has written to King Edward VII of England, and to President Roosevelt of our own Republic, and doubtless to other potentates and princes, asking them to write a sentiment on the Confederate cause or its veterans, to be read at the Louisville reunion. The King and the President have declined, as was to be expected, and, although no snub was intended, the officious person who was the cause of the unpleasant incident has only himself to thank. The Confederate cause represents something holy and immortal to those who stood for it and in it during four terrible years of war, but it means nothing to the rest of the world, and it is foolish to attempt to force it on those whom it does not concern, as we only get ourselves snubbed for our pains."

We are afraid the towns which get the Confederate reunion make too much of an advertising feature out of it.

## AT REST IN OAKDALE.

A new grave was made in Oakdale cemetery yesterday and that hallowed spot again becomes the resting place for one whom it is hard to realize has gone out of this life forever. That grave was made for Mr. James W. Jackson, Jr., second son of Mr. J. W. Jackson, one of the proprietors of the Messenger, and personally it is with peculiar emotions that we contemplate that young man's death. We do not understand why death seems to single out those who are so universally beloved, but in the death of James Jackson the reaper has cut down on the threshold of manhood one peculiarly endowed with those gentle traits and manly character that made a warm place for him in all hearts. The young man was frank and generous by nature and the mystery of death has removed him from a life in which he was a comfort to those loved ones nearest to him and has broken the ties with those who deeply esteemed him for his noble traits and sturdy character.

We are grieved to think that he is gone from us and the beautiful floral memorials laid above his sleeping form but faintly attest the loving tributes which bereft ones and sorrowing friends would pay to his memory.

Reared in a home where love was personified and the tenderest ties existed, his death is a crushing blow to those loving parents and devoted relatives whose sorrow we so sincerely share. However, they know where to look for consolation, assured that with them are the tenderest sympathies of a community that perhaps only partly realizes how sore is their bereavement.

### Huge Task.

It was a hugh task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by R. R. ### COTTON MARKETS.

New York, June 7.—The cotton market showed continued irregularity but after an early break was steadier in the main and closed at a slight gain for the day. The opening was steady, unchanged to 5 points lower under liquidation, following lower cables than expected and continued favorable weather. But spot houses seemed to be buying and in the absence of aggressive selling prices soon rallied to about the closing level of yesterday when a renewal of bear pressure caused another decline, and during the forenoon the market reached a new low level for the movement, with July selling at 7.80, October at 7.94 and December at 8.06, or net decline of 8 to 10 points. That this decline did not catch spot orders on the long side seemed disappointing to scalping shorts and the market during the later trading ruled generally steady to firm on covering and New Orleans buying, accompanied by the reports of very firm spot markets in the South and private wires claiming rains in various portions of the western belt. The close was very steady at an advance of 2 to 6 points. Sales were estimated at 200,000 bales.

## SPIRITS TURPENTINE.

—Governor Glenn appears to think the odium of hangsman's day should be removed from the sixth day of the week, for in fixing death sentences for three men Monday he named Tuesday and Thursday as the fateful days.

—King's Mountain correspondence, Gastonia Gazette: Another deal in tin circles was made here this week with a gentleman from Charlottesville, Va. The gentleman in question has had a representatives here for some days from whose investigation the above result followed. He will begin operation in a few days.

—The Colossus Gold Mining & Milling Company, of Waxhaw, was chartered some days ago with $10,000,000 capital, and at Raleigh on Tuesday application was made to the Secretary of State for authority to increase to $10,500,000, the additional stock being preferred. This is by odds the biggest corporation ever chartered by the State.

—A High Point special on Tuesday says: The gang of street preachers who have been operating here under the name of "Burning Bush" were arrested yesterday afternoon, charged with disturbing the peace of the neighborhood in which they were holding their services—or being a public nuisance. The warrant also charged that the defendants, eight of whom were in the bill of indictment, danced, screamed and went through gyrations of the body.

—Charlotte Chronicle: The Charlotte Consolidated Construction Company has received and placed in operation two handsome new summer cars which were manufactured by the North Carolina Car Company, in High Point. The cars have several improvements and are much prettier than the old ones. They are painted a pleasing green color and are equipped with the electric push buttons. Four more cars of the same style will be received in a short while.

Charlotte Observer: Mr. W. M. Ardrey, a Providence township farmer, was in the city Monday and his mind dwelt on crab grass and cotton field hands. When an Observer man asked him for news he said: "I do not know any, but I wish you would say in The Observer that we need more negroes in this country. We must have them if we have to go to Africa for them. Some people try to drive they away, but I would like to see a load come right from Africa. Labor is so scarce that we can barely get enough to work our crops."

J. B. Powell, of Norfolk, arrived in Raleigh Tuesday to stand trial for the fraudulent use of the mails. The Federal court fearing that the bond was too light, being only $500, had him rearrested and committed to jail, in default of $1,000 bond. It will be a week or longer before his case can come up. Operating from Norfolk, he ordered large quantities of goods from various parts of the country, including a car load of stoves from the Richmond Stove Works in the name and on the credit of Jones & Powell, at that time a well-known Raleigh firm.

—There was a homicide on Wednesday of last week in North Fork township, Wautauga county. A white boy, Clinton South, shot and killed a negro boy by the name of Redd. South claims that the shooting was accidental. The shooting was done with a rifle. South, it is said, met the negro in the public road and said, as he drew his gun, "Watch out, I am going to shoot." He claims that he thought the gun was unloaded. Some of the neighbors say that South has threatened to kill the whole Redd family, the only family of negroes in North Fork township.

—In his annual report to the State Board of Agriculture just submitted by Commissioner of Agriculture S. L. Patterson, he says the sale of fertilizer and other tags by the department fell $1,378.46 behind the year before, the total sales this year being $85,416.38, and last year $86,794.84. The sale of fertilizer tags this season was $76,468.20, as compared with $79,708.95, a falling off of $3,235.75 the past season. The sale of cotton seed meal tags increased $2,406.14. The Board is being urged to establish a test farm for animals. It is stated that all past records will be broken this year in the number and the efficiency of the farmers' institutes that the department will hold in every part of the State.

—Greensboro Record: It begins to look like the "Industrial" crowd had E. Spencer down. They have too much money for him, and if he tells the truth they are holding offices where they can get more. Mr. Blackburn is a mighty big man up in his mountain district, but he will hardly measure up to any great dimensions when he gets out where the experenced politicians can hit him a welt. It reminds us of what a negro, who was as white as any man, said when asked why he did not go where he as unknown and pass as a white man—"I'm a great big nigger among niggers, but I would be a mighty little shoat among white men." Mr. Blackburn is a mighty big man among his constituents, but he is a rather little shoat among the old rounders.

—Messrs. Tom and Chalmers White have arrived in Raleigh with a party of friends from Concord, and the two brothers on Wednesday entered on the service of their six years' sentence in the penitentiary for killing Russell Sherrill, of Rowan county, whom they charged with the ruin of their niece, Annie White. This has been a hard-fought case in the courts and the opinion of the Supreme Court affirming the conviction and sentence was only handed down two weeks ago. The whites are out on bail and their coming to Raleigh at this time was purely voluntary. They were registered on Tuesday at the Yarborough Hotel. Both are prosperous merchants of Concord. It is understood that strenuous efforts will very soon be made for the securing of a pardon for the brothers.

—A dispatch from Reidsville on Tuesday says: News has reached here of a brutal act of a drunken young man at Woodwine, just across the Virginia line. Mrs. Pink Goods, a respected old woman, was shot to death in her own yard, the shot going through her chest. Otho DeHart was arrested and given a preliminary hearing. He was charged with the crime and sent on to the grand jury without bail. It appears that DeHart was drunk and went to the Goode home and shot a chicken, and when Mrs. Goode protested against his conduct, he fired on her, killing her almost instantly. He then left, but was later arrested, while making his way to West Virginia. No one saw the shooting except some very small children of Mrs. Goode. Her husband was at work, at a saw-mill some four miles away. DeHart claims that the shooting was accidental. He is about 21 years of age. There is considerable excitement, but no danger of any violence.

## NORTH CAROLINA CROPS.

Weather Bureau Reports Improvement But Nights Are Too Cool.

Raleigh, N. C., June 6.—The North Carolina section, climate and crop service, of the United States Weather Bureau at Raleigh, makes this report, under date of June 5:

There is increased diversity in the condition of crops as reported from various sections of North Carolina, but, as a rule, the weather this week was more favorable for farm work over a large portion of the State, than for several weeks. Rains occurred on the 29th, 30th and 31st of May in many central counties, which kept the soil very wet and continued to interrupt farm work. A number of very severe local storms with high winds and hail damages, crops in several counties on May 31st, chiefly in Halifax, Sampson, Martin and Craven counties in the eastern district, Scotland, Johnson, Vance, Guilford and Harnett in the central district, and only Surry and Iredell in the west. Over nearly all of the western half of the State, as well as most of the northern nad north eastern counties the week was dry and favorable for work, which progressed vigorously; many if not most of the fields which have been foul for several weeks were given a thorough cultivation, and crops placed in good condition. On the other hand the temperature conditions have not been favorable for the rapid growth of vegetation. While the average temperature was only slightly below normal, the nights have been quite cool, and unfavorable for both cotton and corn. The day temperatures while not very high, in connection with more abundant sunshine, were favorable. The coolest days occurred from the 1st to the 4th of June.

In the western portion of the State during nearly the entire week, and elsewhere during the last three days, which were dry, excellent progress was made in cleaning and cultivating crops, though many fields remain very grassy in the central portion, where work is much behind.

Cotton is doing fairly well where it has been kept cultivated; the stands remain good but growth has been slow on account of the absence of stimulating high temperatures; in the majority of counties where the crop is uncultivated and grassy, and much of it not yet chopped to stands, the condition is poor; nevertheless the condition of cotton is such that a rapid recovery would probably occur with warmer, dry weather. Corn also is improving slowly in growth, but in many counties where originally excellent stands had been secured, the stands are now reported irregular and poor on account of the ravages of cut and bud worms; some farmers are hilling corn in the southern portion: the planting of lowlands could be finished with a week or ten days of dry weather. Peanuts are doing well; early planted are being chopped to stands, late planted are coming up slowly. Wheat, oats and rye are ripening rapidly; cutting has begun, and the harvest will be general in a week or so. While in the west reports concerncerning these crops continue favorable, in the central portion wheat is said to have suffered considerable injury by excessive moisture, which has caused the plants in many fields to fall to the ground before ripening; rust is also reported in many counties, but attacked the crop too late to do material damage. Irish potatoes are giving a poor yield in the eastern portion of the State where digging is by order way, but are reported in good condition in the west. Sweet potatoes have all been transplanted and are doing well. Garden vegetables are generally fine. The prospect for apples has diminished on account of blight. Hay making has commenced with indications for a large and excellent crop.

## SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## IT'S YOUR KIDNEYS

Don't Mistake the Cause of Your Troubles—A Wilmington Citizen Shows How to Cure Them.

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary troubles sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Wilmington people testify to permanent cures.

E. Poezolt, merchant tailor, of No. 8 South Front street, residing at 315 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be an effective remedy. She suffered with her ankles and could scarcely get down stairs in the morning. We thought it was rheumatism and her ankles would be all puffed up every morning so she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them she seems like another person. She is better in the morning, the swelling left her ankle and from the great relief she obtained we are only too glad to recommend Doan's Kidney Pills to others."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buaffio, New York, sole agents for the United States.

Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Ocarfoss, Md., "after trying different medicines and a good doctor in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at R. R. Bellamy's drug store, price 50c. and $1.00 a bottle. Trial bottle free. **

No Secret About It.

It is no secret, that for Cuts, Burns, Ulcers, Fever Sores, Sore Eyes, Boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory, of Hope, Tex. 25c. at R. R. Bellamy's drug store. **

Eskine college, Due West, S. C., closed its sixty-ninth year Monday and at a meeting of the Board of Trustees, conferred the degree of LL. D. upon Colonel George Harvey, editor of Harpers Weekly, New York.

Hon. John M. Moore, of Richmond county, Texas, Democratic nominee, has been elcted to Congress from the Eighth Congressional district in succession to the late John M. Pinckney, who was killed April 24th, during a riot at a Prohibtion mass meeting at Hempstead, Texas.

Secretary Leslie M. Shaw, of the Treasury Department, arrived in Atlanta yesterday and is the guest of Colonel R. J. Lowry. Secretary Shaw left last night for Jacksonville and Atlantic Beach to attend the annual meeting of the Benkers' Association of Georgia and Florida.

Yesterday at Waldon Bridge, Ga., on the Ochlochnee river, two children of Mr. K. P. Wright, Ethel, aged 10, and Alden, aged 12 years, were drowned while in bathing. The family were on an outing. Mr. J. B. White's little daughter came very nearly drowning at the same time.

At Richmond yesterday the Farmville and Powhatan narrow guage railroad, running from Bermuda Hundred on the James river to Farmville, Powhatan county, Va., a distance of about sixty miles, was sold by order of court and was purchased by W. M. Hableston and Henry Miller for $125,000.

At Cordele, Ga., yesterday electric lights, telephones, telegraphs, street railways and other public conveniences were rendered useless by a fire in the business district. Loss, $50,000. The common council of Norfolk has placed a license tax of $100 per year on all "walking" shipping agents, who for years have been operating in Norfolk without a license. Regular licensed sailor boarding house men and sea captains trading in and out of that port claimed that the "walking" agents had been injuring their interests.

The three-masted schooner Addie Jordan, bound from Norfolk to New York, lumber laden, which sprung a leak at sea and had to be beached at Chincoteague, on the eastern shore of Virginia, was floated and towed into Norfolk yesterday by the tug Reliance, of Charleston, S. C. The vessel is in a water-logged condition. She will be unloaded and docked for repairs.

Smyth as director of the Department of Public Safety. Mr. Smyth sentenced each one of them to a fine of one day's pay. The mayor, however, decided that the punishment was not severe enough and ordered their dismissal.

## COL. OSBORNE CONDEMNED.

### Had No Authority to Solicit Messages From Edward or Roosevelt.

By Wire to The Morning Star.

Jackson, Miss., June 7.—The action of Colonel Osborne, of the Louisville committee on arrangements in tendering invitations to King Edward and President Roosevelt to send messages to the approaching re-union, caused a great deal of discussion among Confederate veterans in this State and in many quarters it is being severely condemned. As a rule, the veterans take demned. W. A. Montgomery Camp, U. C. V., located at Edwards, this county, and one of the strangest camps in the State has adopted resolutions in which it is declared that if Colonel Osborne tendered the invitation at the request of the City of Louisville he is in a measure excusable, but otherwise his actions was entirely uncalled for. Resolutions not quite so strong in their tenor have been adopted by other local camps in the State.

# PEACE MOVEMENT STIRS DIPLOMATS

## Japan Absolutely Refuses to Make First Proposal to End the War

## RUSSIA ASKS FOR HER TERMS

### Report Comes From Vienna That Russia Wants No Foreign Interfernce and Will Treat Directly With Little Japan.

By Wire to The Morning Star.

Washington, June 7.—Preliminary peace negotiations between Russia and Japan are generally believed to be under way and it is concede that President Roosevelt will in all probability act not as mediator but as "the friendly channel of communication." There is as yet no official admission that Russia has accepted what Count Cassini in his cablegram to Count Lamsdorff last week described as "The offer of good will of the President," although instructions to the ambassador are believed to have reached here late tonight in a long cablegram received at the Russian embassy quite late and which was laid before the ambassador after he had started to retire. After reading the dispatch the ambassador retired for the night at an hour earlier than usual. All that can be authoritatively said regarding this cablegram is that it concerned Count Cassini's cablegram of last week.

Immediately upon his return to his legation tonight after a long conference with the President, Mr. Takahira, the Japanese minister, began the preparation of a dispatch to his government upon which he was occupied until quite late.

At the White House up to a late hour, it was declared that the important cablegram from Mr. Meyer had not yet reached here.

### Deep Interest in Washington.

Washington, June 7.—Diplomatic Washington was tonight aroused to a point of expectancy unequalled since the inception of the war in the Far East by the news from St. Petersburg of the Czar's wish to know Japan's pence terms. This interest was heightened by a call which Mr. Takahira, the Japanese minister, made at the White House by appointment during the evening. He called shortly after 9 o'clock and immediately went into conference with the President. They remained together about twenty minutes. When the minister left he declined to answer questions about his call. The Associated Press bulletin announcing the cabling of a message to the Russian ambassadors at Washington and Paris that Russia wished to know Japan's peace terms was immediately communicated to the diplomats most interested.

It was not long before the Russian embassy was besieged with callers but the ambassador was without advices on the subject. The President had confided to the ambassador who called at the White House that he expected Ambassador Meyer to be received at Tsarkoe-Selo today or tomorrow. The instructions to Mr. Meyer did not provide for a formal tender of good offices. While it is impossible to give their text they may be ocrrectly parapharsed in these words: "Find out from the Czar what we can do to assist an early peace." Much was left to the tact and diplomatic discretion of Mr. Meyer as to the manner and words in which the friendly readiness of this government in the present moment should be made known to the Czar.

Care was also taken that Mr. Meyer's conference with the Czar should not occur until Count Cassini's report had reached Tsarkoe-Solo. It can be stated very emphatically that in transmitting a faithful report of what occurred at the White House last Friday afternoon Count Cassini emphasized the sympathetic and friendly frankness with which the President, as speaking informally and personally, expressed his strong desire for peace.

### Peace Outlook in St. Petersburg.

St. Petersburg, June 8.—1:38 A. M.—With Ambassador Meyer's delivery to the Emperor yesterday afternoon of President Roosevelt's message tendering his good offices, the prospect of the President's efforts to bring the belligerents together in peace negotiations is believed to be distinctly brighter. It is equally evident that the situation is an exceedingly delicate one, Ambassador Meyer, when seen by the Associated Press tonight, absolutely declined to say a word regarding his vist to the Czar, the mission with which he is charged, or the Emperor's response.

The center of interest is again transferred to Washington. Count Cassini has doubtless received instructions from the Emperor. However, it will probably require some little time to finally determine whether success shall crown the President's efforts to end the war.

### Russian Will Treat With Japan.

Vienna, June 7.—It is learned here tonight that the Russian government has informed its diplomatic representatives abroad, including Count Cassini, the ambassador at Washington, that the time for Russia to conclude peace has not yet come, and that when it does arrive, Russia will open peace negotiations with Japan independent of foreign intervention.

### Japan Will Not Make the First Advance.

Washington, June 7.—"Contact," remarked a European ambassador tonight," is what the President has been endeavoring to establish between Russia and Japan. To do this it was necessary to obtain from one side or the other some expression favorable to peace. Japan has refrained absolutely from giving any indication as to what her terms would be, on the ground that this would be interpreted by Russia as sign of weakness."

Whether upon receiving from Count Cassini, an official expression that the Czar wishes to know the Mikado's peace terms the President will be able to obtain a statement on this subject from Japan remains to be seen. Diplomats however, recall the statement of Mr. Takahira some days ago to the effect that when Russia really wanted to know Japan's terms, she could easily find them out without communicating directly with Tokio.

It is declared on good authority that thus far no circular note has been addressed to the American ambassador abroad but that their instructions have been informal though dictated directly from the White House.

### Submaries Not Effective.

London, June 8.—The Tokio correspondent of the Daily Telegraph says he now learns that the owing to the rough sea, the Japanese submarine boats were not used effectively in the naval battle.

The same correspondent says that the captured Russian vessels have been renamed as follows:

From Orel to Iwami; from Imperator Nikolai I., to Iki; from General Admiral Apraxine to Okinoshima; from Admiral Senaivin to Minoshima.

### To Intern at Manila.

Manila, June 8.—Rear Admiral Enquist received at 1 o'clock this morning the following cable dispatch from St. Petersburg:

"Remain at Manila at the disposition of the American government. Eect repairs as much as possible.

"NICHOLL."

Governor General Wright has requested Rear Admiral Train to arrange for the disposition of the Russian warships and their officers and crews.

## ..BARONESS VON ROQUES SUIT...

### Proven That Contract Was Made With Lawyers.

By Wire to The Morning Star.

Washington, June 7.—After five subponeas had been served on John H. Walter, formerly associate counsel for Baroness Von Roques, mother of Mrs. Florence Maybrick, in her suit against D. W. Armstrong and others for the recovery of certain lands in Virginia, Tennessee and elsewhere, the defense today succeeded in getting in evidence several letters and a contract by which Walter and L. D. Yarrel, attorneys, undertook the prosecution of the case. By this contract the attorneys were to furnish the money required for legal work and were to share in the proceeds of thes uit in the event of a favor able decision. The proceedings were before A. H. Galt, a notary public, acting under authority of the chancery court of Richmond, Va. The contract had been in the possesion of W. Mosby Williams, attorney for Walter but Williams declined to surrender it on the ground that it came to him in the capacity of attorney.

Justice Barnard of the Supreme Court of the District of Columbia sustained Williams' contention. Application was made by counsel for Armstrong to have Walter declared in contempt by reason of his failure to respond to subpoenas issued by Notary Galt but action was not taken when counsel stated his willingness to testify today.

## NEGOTIATIONS DECLARED OFF.

### Chicago Strikers' Demands Too Sweeping to be Accepted.

By Wire to The Morning Star.

Chicago, June 7.—After a conference lasting five hours between the Employers' Association and the committee appointed by the Teamsters' Joint Council with full power to settle the strike, all negotiations were declared off tonight and there is no immediate probability of a settlement.

The union submitted a number of proposals which the employers flatly refused to consider at all. Chief among these was that if the strike was declared off all the police and deputy sheriffs who are now protecting non-union men should be withdrawn; that the business houses refuse to receive from, or deliver to the express companies any merchandise and that all the strikers be given positions before any new non-union men were hired.

There were a number of other demands made by the teamsters which might have received favorable consideration but the parties to the conference were so far apart on the chief demands made by the unions that there was no use of taking them up. There is a faint possibility that the conference may be resumed tomorrow.

## BLOODSHED OVER STRIKE.

### One Striker Killed and Two Wounded at Saginaw.

By Wire to The Morning Star.

Saginaw, Mich., June 7.—The first bloodshed in connection with the street railway strike which began in the Saginaw Valley Sunday morning occurred here this afternoon. Deputy Sheriff Fred Harris shot and instantly killed Henry Wieck, Jr., a Pere Marquette machinst, and wounded Torrence Kelly and Wallace A. Douglas. Both of the latter were shot through the left leg and their injuries are not likely to be serious. Harris was immediately arrested. The three men shot were, it is said, members of a group of men who were jeering at the non-union crew of a car on which Deputy Harris was riding as guard.

Harris comes from 328 Dearborne street, Chicago, and was hired through a detective agency. Shots were also fired today during two attacks on non-union crews by crowds at the corner of Washington avenue and First street, which was throwing stones, decayed vegetables and other missiles at the car. Conductor Henry Stoetzel was arrested charged with firing the shot.

## JAMESTOWN EXPOSITION.

### President Roosevelt Will Do All He Can to Promote It.

By Wire to the Morning Star.

Washington, June 7.—Representative Maynard, of Virginia, introduced to the President to-day C. Brooks Johnston, chairman of the Board of Governors, and Barton T. Meyers, auditor of the Jamestown Exposition Company. The President's callers discussed with him briefly the selection of a president of the exposition to succeed the late General Fitzhugh Lee, but only in a tentative way. The election probably will not be held for a considerable time. Mr. Johnston indicated to the President the intention of the company to send a representative to Europe about September 1st to enlist the interest of European countries in the exposition. Representative Maynard said it was his purpose to urge Congress next Winter to make an appropriation for an industrial exposition, in addition to a naval and marine display. The President expressed his sincere interest in the project and promised to do what he properly could to promote it.

## LIGHTNING'S TERRIBLE WORK.

### One Person Killed and Five Shocked at Bristol, Va.

By Wire to The Morning Star.

Bristol, Va., June 7.—The German Baptist Brethren Conference closed tonight. No business of consequence was transacted. While the afternoon session of the conference was in progress a terrific thunderstorm arose and a bolt of lightning, which struck near the tabernacle in which the conference was being held, rendered five persons unconscious. They were revived by physicians who were present when the incident occurred. Some dam age was done to the kitchen and post-office departments at the tabernacle by lightning. In the postoffice J. M. Shively, of Cerro Gordo, Ills., general secretay of the German Baptist conference was rendered unconscious by the shock. Mrs. Katie Studebaker, of Flora, Ind., was severely shocked in the same building. Others injured were three cooks in the kitchen.

In the same thunderstorm a bolt of lightning struck and killed an old negro woman at her home in another part of the city.

## ITALIAN IMMIGRATION.

### Italian Ambassador Has Talk With President Roosevlt.

By Wire to The Morning Star.

Washington, June 7.—Mayor Des Planches, ambassador of Italy to the United States, today talked with the President on the subject of Italian immigration to the United States, particularly to the Southern States. The immigration of this class of European labor to the Southern States is regarded as likely to prove to be a solution of the race problem and to afford to Southern planters the labor they desire to have. No decision was reached at today's conference.

### King Oscar Informed That He Is No Longer Ruler But is Asked to Aid In Selecting a King—Excitement in Sweden.

By Cable to The Morning Star.

Christiania, Norway, June 7.—King Oscar's refusal to sanction the bill passed by the Storthing providing for a separate consular service for Norway, culminated today in the passage of a resolution by the Storthing declaring the dissolution of the union of Sweden and Norway and that the King had ceased to act as King of Norway.

An address to the King was adopted declaring that no ill feeling was entertained against him, his dynasty or the Swedish nation and asking him to cooperate in the selection of a young Prince of the House of Bernadotte to occupy the throne of Norway.

"Norway from today is a fully independent and sovereign State."

This is the text of the editorials in the Norwegian newspapers and it reflects the spirit with which the people of Norway accept to-day's action of the Storthing when it proclaimed King Oscar no longer King of Norway.

At its meeting this evening the Storthing adopted a proclamation to the Norweigan people in which is given a detailed account of the events preceeding the passing of the resolution and in which the hope is expressed that they will succeed in living in peace and on good terms with all and not the least with the Swedish people to whom we are linked by so many natural ties.

The proclamation concludes as follows:

"All officials, civil, military, must in every respect yield that obedience which the government has the right to claim according to the authority transferred to it by the Storthing in the name of the people of Norway.'

The proceedings throughout the momentous session of the Storthing today were marked by supreme good opder and by the utmost dignity. The plans had been most carefully prepared and nothing had been omitted to secure the inauguration of a new government under the best auspices.

That the feeling was intense was evidenced by the great gatherings of people outside the Storthing during the early session, and after the announcement of the result of the procedings a quiet respect was shown the members as they left the building.

The crowds were especially respectful in their ovation to M. Michelsen, the retiring premier.

The Storthing will, if necessary, defend the step taken today by force of arms.

M. Arctander will be Norway's first foreign minister. He is now chief of the Departments of Commerce, Navigation and Industry.

It is learned that Crown Prince Gustave will return from Berlin immediately.

It is understood that an extraordinary session of the Swedish Riksdag will be called June 26, if not earlier as the result of to-day's action of the Storthing.

The dissolution of the union between Sweden and Norway has been pending for some time and had its growth in the desire which grew stronger as time passed for the establishment of separate consular systems for the two countries. One of the causes for the desire in Sweden and Norway for separate consular systems was the fact that Sweden is protectionist and Norway is for free trade, and also because of Norway's more extensive sea trade and other divergencies of commercial interests.

### King Oscar Protests.

Stockholm, Sweden, June 7.—King Oscar has telegraphed to M. Berner informing him that he had telegraphed to Premier Michelsen emphatically protesting against the action of the council of State.

### Excitement in Sweden.

Stockholm, June 7.—The Norwegian coupd'etat was answered here tonight by a great patriotic demonstration of loyalty to and sympathy with King Oscar. A great procession, accompanied by bands, went to Rosendal Castle, where the bands played the national anthem. In a few minutes the King and other members of the royal family appeared on a bacony of the castle and were enthusiastically cheered by the demonstrators, while a number of ladies advanced from the crowd and presented the King with a bouquet.

Though greatly excited over the situation, the populace remains outwardly calm.

King Oscar held a council this evening at which the situation was considered.

King Oscar, whose health is still not good, is much shaken by the crisis.

Telegrams from the provinces tonight show that the public view the developments with asonishing calmness, almost amounting to indifference.

The Council of State has decided to call an extraordinary session of Parliament and probably no action will be taken before the Parliament meets.

### Refuses Crown for His Son.

London, June 8.—The Stockholm correspondent of the Standard says that King Oscar has refused the Norwegian crown for his son.

### Europe Disapproves.

London, June 8.—The revolution in Norway, though anticipated and peacefully effected, has come upon Europe with unexpected suddenness and the question is asked with anxiety whether it will mean international complications. Had Russia not been involved in a war in the Far East, it is doubtful whether Norway would have taken thep resent momentous step, which is not likely to be regarded with approval by European powers. The fact that the coup d'etat is not unlikely to eventuate in the establishment of a Norwegian republic would alone be a reason why the step should not commend itself to the monarchical powers.

It is nowhere thought that King Oscar will consent to a junior member of his family becoming King of Norway. This proposal is regarded as an attempt to palliate the blow to the deposed King and the opinion of English newspapers is that the suggestion is quite impracticable.

The consular difficulty is supposed to be only an outward manifestation of the deep seated separatist aspirations of the majority of Norwegians.

British sympathies appear to be strongly on the side of Sweden and King Oscar.

The Morning Post expresses the general view in suggesting that it is eminently a case for The Hague tribunal.

The boat, which is the property of the Monongahelia Consolidated Coal and Coke company, is worth $100,000 and was returning to New Orleans with a big tow of empty coal barges. It is believed the O'Neill can be raised. Navigation through the canal will not be interferred with.

—This was sent out from Ashville on Tuesday: Representative Spencer Blackburn, of the eighth district, and Republican State Chairman Rollins have buried the hatchet and peace reigns. The eighth district Representative arrived in Asheville early this morning and while it is known that he and Mr. Rollins were in conference this morning and this afternoon relative to the Republican daily newspaper row and that an understanding of some description has been reached, neither Mr. Rollins nor Mr. Blackburn cared to divulge just what took place at the conference. When seen to-day, Mr. Rollins admitted that the conference had to do with the daily paper situation, and that the differences would be amicably settled and the situation relieved. From a semi-official source it was learned that an agreement had or would be reached between the two prominent Republicans and that one of the daily paper propositions would be abandoned. Just which side has given in or just what kind of an agreement has been reached could not be learned. While here today, Mr. Blackburn met a number of prominent Republicans and was given the glad hand by former friends and acquaintances.

## TOO RAPID EATING.

### It Is One of the Most Fruitful Causes of Ill Health.

One of the most fruitful causes of ill health and bad complexions is the habit of rapid eating. It is growing more and more prevalent in this country. We really haven't time to eat properly, and we have very little time to sleep, yet we hope to retain youth and beauty.

A woman may work ever so hard and be under a great tension while working, but if she will take time enough to eat (a half hour at the least, with a half hour rest at noon), and will sleep seven or eight hours of the twenty-four she will greatly increase her usefulness.

With the habit of rapid eating comes an increase in the amount of liquids taken during the meals. Food properly masticated can be easily swallowed, but if ill chewed it must be washed down with liquid. This, of course, lessens the flow of saliva, dilutes the gastric juices and interferes greatly with the process of digestion.

Those who have tried thorough mastication of their food with no liquid, unless at the end or a half hour after the meal, have learned that the food tastes better, the meal is more satisfactory and the appetite is appeased with less food, the digestion is aided, leaving one much more comfortable than the hasty meal. A few days' trial will convince the most skeptical, for the stomach responds promptly to decent treatment. It expects it. It deserves it.

One of the greatest mistakes of the age is rapid eating, and one of the greatest curses is the nervous dyspepsia caused by it.

HIGH GRADE CIGARS
are found oftener in advertisements than in show cases—you'll find the La Morna high grade in both particulars. It's easy to say this; but it's easier to prove by simply smoking one of the size, shape and color you prefer. Puffing one will pull for a box order, and buying that way will save you money. 5 cents gets you one; $2.00 a box of 50. So many critical smokers endorse the La Morna that you should join the procession.
